Look for your Visit Invite
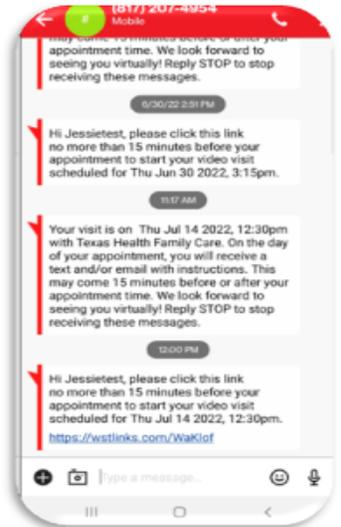

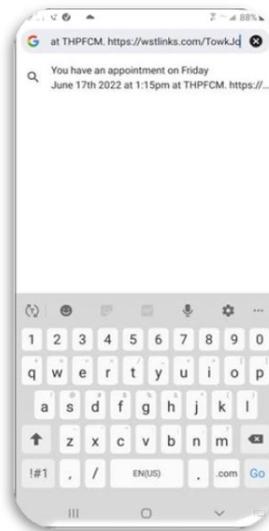

When it's time for your appointment, you will receive a visit invite via email and text message.

Click the link inside the message to access eVisit. If you are sent to an unsupported browser, follow the three steps below:

1. Press down on the original text message.

2. Click "Copy message text" and paste in chrome.

3. Delete everything before "https".

Interact with your Provider

When prompted, give eVisit access to your camera and video.

To interact with your provider, use the buttons available to you on your screen.
