

Heart Failure Clinic

About the Heart Failure Clinic

A nurse practitioner managed program that helps heart failure patients improve quality of life and lower the risk of being readmitted to the hospital. Patients are followed on a weekly basis for 30 days to help lower the chance of having a hospital stay.

Potential Benefits for Patients

- Reduced heart failure symptoms
- Learn about diet and medications
- More likely to follow new diet and make healthy lifestyle changes
- Fast and easy access to a Nurse Practitioner to help avoid the return of heart failure symptoms and hospital stays
- Coordination of care between medical providers

Clinic Location

Texas Health Presbyterian Hospital Dallas

8230 Walnut Hill Lane
Professional Building 3, Suite 212
Dallas, Texas 75231

Learn more at:

214-345-2678
