1.0 Scope:

1.1 Applicable Entities:

This policy applies to Texas Health Resources.

1.2 Applicable Departments:

This policy applies to the Texas Health Graduate Medical Education Program and its Trainees employed by Texas Health ("Institution").

2.0 Purpose:

2.1 To provide guidelines and define the action to be taken by the Department of Graduate Medical Education in the event of a disaster or interruptions in patient care that significantly affects the training programs at Texas Health.

3.0 Policy Statements:

3.1 At Texas Health, we are committed to creating a workplace where diversity is celebrated, and inclusion exists at all levels. As such, Texas Health does not tolerate discrimination in any form or any behaviors that are incompatible with our core Values – Respect, Integrity, Compassion, and Excellence and Our Texas Health PromiseSM.

4.0 Policy Guidance:

4.1 In the event of a disaster, natural or otherwise, that affects any GME program at Texas Health, the Designated Institutional Official (DIO) will contact the ACGME within ten (10) days of the declaration of a disaster to discuss:

4.1.1 a timeline of reconfiguration of the program(s) and

4.1.2 a due date for informing each Trainee of the transfer decisions as necessary and appropriate.

4.2 All submissions of the above information will be made to the ACGME within thirty (30) days. The DIO will also be in contact with each Program Director and Program Coordinator with regard to the status of their respective program. The Program Director and/or DIO in turn will communicate with all Trainees concerning continuation of training, including temporary transfers to other institutions' programs and the minimum duration of time expected for that
